Please accept my request for the following documents from the U.S. Securities and Exchange Commission (referred to in requests as “SEC”). Please forward hard copies of the below documents to my office : The Deaton Law Firm, attn: John Deaton, 450 N Broadway, East Providence, RI, 02914.

- Any letters, emails and/or correspondence between the SEC and Moneygram International, Inc. (“MGI”) regarding the virtual currency and/or digital asset security called XRP.
- Any letters, emails, and/or correspondence between the SEC and MGI regarding MGI’s 2019 fourth quarter financial results which excluded 8.9 million of benefit from Ripple Labs and was instead accounted for as a contra expense rather than revenue “based on recent consultation with the Securities and Exchange Commission.”
