Great. We have a 1:1. I'll have print outs.

Hi Brad,

As discussed, I appreciate your review of our messaging and web copy for Xpring Ventures as I don't feel 100% sure the guidance we've gotten from the working team is in lock step with your point of view. The docs are as aligned as can be based on my knowledge of what Xpring's all about and needs your POV at this point.

Here is the messaging document.

Here is the website brief.

Key questions I have for you:

- Do we also emphasize building on ILP?
- Are the use cases at launch: micropayments, virtual goods, marketplaces?
- Is Xpring's value prop that Ripple is a one-of-a-kind investor in the kind of knowledge and support we can provide to portfolio companies?
- Can we put a stake in the ground on the size of the fund?

Based on your feedback, we'll rapidly iterate and then provide access to the website on staging and draft announcements for your review.

We're operating on tight timelines this week so appreciate your feedback as soon as you can give it.

Thanks!
Monica
